

John MacLennan's Hall of Fame Presentation

John hails from Sydney, Nova Scotia, Canada. Since retiring in 1996 to become a snowbird he has been shuffling for about a dozen years. He has made it to the Reiny masters twice as an amateur and twice to the pro masters.

John and I started playing together many years ago but then I went into throwing horseshoes. A few years ago I saw the light and returned to shuffling with the aim of making pro. I accomplished this with a lot of pushing from John.

John was selected to play for Canada in the International Shuffleboard tournament three times. The first year he was picked, the tournament was cancelled due to SARS.

In October 2009, John finished third in the International tournament held at Betmar, Zephyrhills, Florida, and has been selected to play for Canada in Germany of August, 2010.

John is delighted this year to have his wife, Annette, playing in tournaments. To anyone who shuffles, John has only a few thoughts to keep in mind. Do your best, but above all ENJOY yourself remembering that it is only a game and there will always be another day.
